DETAILED ACTION

This action is in response to Applicant's amendment filed on September 14, 2006.

Claims 2-7 and 10-15 are pending.

Allowable Subject Matter

Claims 2-7 and 10-15 are allowable over the prior art of record, renumbered as claims 1-12, respectively.

The following is an examiner's statement of reasons for allowance:

Claims 2 and 10 are allowable because the prior art of record or that encountered in searching for the invention, fails to disclose or suggest a storage system that compares an id of a file id of a correspondence to an id of a correspondence included in a received request to determine whether the received request is accepted or not, and wherein status parameter corresponding to a matched id is acquired, and sending a received request to a first or second storage control device based on the acquired status parameter being a first or a second state, as claimed in addition to the other claim provisions.

Claims 3-7 and 11-15 depend from claims 2 and 10 respectively, and are therefore allowable on the same merits.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
